Bella Blue is a fantastically beautiful, young Husky girl. She came to SHRF from a county shelter after being surrendered by her previous owner who was no longer able to care for her.

She gets along well with other dogs, but is not consistently friendly with cats. Therefore, a home without cats would be best. Bella Blue loves traveling in the car and watching the world pass by. She knows some commands and is food motivated, so she should easily learn many others.

Bella Blue is looking for an adopter with leadership skills. She has shown some assertiveness around human food and her own food bowl. She has worked under the guidance of a specialized trainer on behavior modification to address this and has been cleared for adoption. Her adopters will also be provided with a few training sessions in order to provide them guidance to ensure they continue to reinforce what she has learned.

Bella Blue is healthy, Heartworm negative, spayed, microchipped and up-to-date on vaccines. Make this beauty yours, fill out an adoption application on our website, [www.siberrescue.com](http://www.siberrescue.com), today.
