

Dog Name: Misty
Number: 398
Age: 4 Years (DoB 10/08 est.) **Sex:** Female
Coat: Grey & White
Eyes: Blue

Misty is a gorgeous adult female head-turner. Her coloring is grey with an undercoat mixture of beige and silver. She has come upon hard times through no fault of her own. She was successfully adopted from SHRF back in 2010 but her adopters have fallen on some unfortunate circumstances and have given her back to us to try to find her a loving, forever home that will be able to properly care for her the way she deserves.

Misty is very good with children and even though she gets along with male and female dogs, she's somewhat intolerant of small dogs and should be kept away from cats. She is not a happy camper when her humans leave her alone but her unhappiness can be avoided altogether if she is adopted into a home with other dogs her size or larger.

She is crate trained and somewhat obedient. She walks well on a leash, will sit on command and has shown herself to be very accepting of training – she wants to please her humans.

Misty is a high energy girl and will run around and play for hours on end. She's fast too! So watch her when you open a door, she can be gone in a second.

Misty is healthy, Heartworm negative, spayed, housebroken, microchipped and up-to-date with all her shots. With an angelic face like hers (you can see her halo if you look real hard) she will not be up for adoption long so get your fingers going and fill out an adoption application at the upper left corner of this page.
