

SHADOW VII

Dog Name: Shadow VII

Number: 454

Age: 4 Years (DOB 10/2007 est.) **Sex:** Female

Coat: Medium Dark Grey & White

Eyes: Brown

Shadow is a young adult female with soulful brown eyes. She's pretty mellow for her age, independent yet affectionate. If she has a good bone, you won't hear anything from her all day. She spends most of her day lying around the house, making sure her foster brother doesn't interfere with her bone. She also ignores the foster cat in the household. If you're not keeping an eye on her, she will sneak a quick nap on your furniture.

As calm as she is, Shadow will speak when she's upset. She likes to be next to her humans and sits on the ground next to you while you watch television. She always welcomes a good belly rub.

Shadow walks well on a leash and likes her car rides where she will sit quietly, looking out the window. She has been to the dog park and has gotten along with other dogs. On the hot days, she likes to sit in the water at the dog park looking around until something catches her attention.

Shadow is a healthy girl, spayed, housebroken, microchipped and up-to-date with all her shots. Since she is out of her puppyhood, she will be a perfect companion for someone who doesn't want to put up with the trials of breaking in a youngster.
