Ziva is a rare “2G” girl. She is **G**alactically **G**orgeous! That is quite the compliment, to be so conspicuously beautiful amongst the most beautiful dogs in the world. Her name is Hebrew for splendid, radiant or glowing and it fits her perfectly. She is also the sweetest Husky one could ever meet. She is gentle and smart and exhibits all of the wonderful traits people love about the Siberian Husky.

She will follow you wherever you go, wanting nothing more than to be your best friend. She is playful, curious, and adventurous and loves being part of a family unit. She enjoys rides in the car and being included in family outings and activities.

Ziva delights in long walks, meeting other doggies, running, jumping over small waves at the beach and digging whenever she is allowed to, especially in the soft sand at the beach.

She is a quick learner and already knows basic commands such as sit, paw, no and drop. Her interaction with cats is unknown at this time.

Ziva is spayed, housebroken, microchipped and up-to-date with all her shots. Be the first on your block to adopt this girl and enjoy the jaw dropping looks you get when walking her down the street. Fill out an adoption application at the upper left corner of this page, today.
